## MEET THE STAFF

My name is Erin. I have been working

here for 2 years this month. My favorite part is working with the patrons as well as when I get to be creative. I love getting to be part of all the things we do for the community. I love to hang out with my family. I love to do fun things with my kids and husband and just be around them. I love to travel. To see different parts of the world and experience other cultures. I grew up in the Amazon Rain Forest because my parents were missionaries there. I think this is where I got my love of travel and seeing the world from. I also enjoy reading. Not just because I work in a library but because reading is a great way to "see" the world through others eyes. I especially love to read about Mermaids.

Hello patrons!  
I am Ery and I work in the adult reference desk. I have worked at the library for 3 years now; when I started working I was at the front desk then after a year I moved to the adult reference desk. My favorite part of working at the library is that I get to share my love of books with everyone who walks in. My favorite genre of books would probably be fantasy, books like the Harry Potter series, the Inheritance Cycle, the Graceling books, etc. Outside of work, I love being a volunteer leader with Young Life and I enjoy salsa dancing (if you'd like to learn, I can do private lessons). My book recommendation would be the Uncanny X-men series in the adult graphic novel section. It deals with racial injustice and looking past the black and white of right and wrong into the gray of uncertainty.
