My name is Nichole and I work in the Children's Department. I have worked at the library

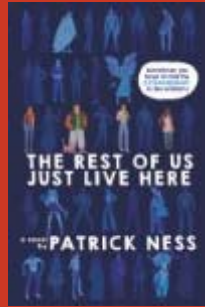

for several months, but I was a teen volunteer for a year and a half before that. My favorite part of working

In an island paradise populated entirely by happy, flightless birds – or almost entirely, Red, a bird

at this library is meeting amazing new people. It makes me feel like a huge part of our great community. My favorite hobbies are painting and drawing.

with a temper problem, speedy Chuck, and the volatile Bomb have always been outsiders. But when the island is visited by mysterious green piggies, it's up to these unlikely outcasts to figure out what the pigs are up to.

My name is Sandra. I have worked in the Adult Reference Department for 1 year.

My favorite part of working here is weeding and cataloging. My best experience so far was helping a patron figure out how to set up and print her menu for her business. My favorite genre is mystery but I also like nonfiction history. Since moving to Front Royal only 2 years ago, my hobby now is fixing up our house to make it our own. I am currently refinishing furniture from my grandmother, which I enjoy.

Set in a Manhattan apartment building, pets gather to start their day as the two-legged residents head for work and school. The head hound is a quick-witted terrier rescue, whose position at the epicenter of his master's universe is suddenly threatened when she comes home with Duke, a sloppy mongrel with no polish. The two soon find themselves on the mean streets of New York, where they meet the adorable white bunny Snowball. It turns out that Snowball is the leader of an army of pets that were abandoned and are determined to get back at humanity and every owner-loving pet. The dogs must thwart this plot and make it back in time for dinner.
